"The McKnight Artist Residencies consortium has created a unique opportunity for learning and connection within the artist residency field," said Zoey Arnold-

Conner, the Grants + Development Administrator at Artist Communities Alliance. “We are grateful to work with leadership and staff who are committed to creating environments where any artist can thrive. We look forward to supporting these programs as they continue to build more equitable policies and practices within their residencies.”

#### ABOUT THE MCKNIGHT FOUNDATION'S MCKNIGHT ARTIST FELLOWSHIPS PROGRAM

Founded on the belief that Minnesota thrives when its artists thrive, the McKnight Foundation's Arts program is one of the oldest and largest of its kind in the country. Support for individual working Minnesota artists has been a cornerstone of the program since it began in 1981. The McKnight Artist Fellowships Program provides annual, unrestricted cash awards to outstanding mid-career Minnesota artists in 14 different creative disciplines. Program partner organizations administer the fellowships and structure them to respond to the unique challenges of different disciplines. Currently, the Foundation contributes about \$2.8 million per year to its statewide fellowships. For more information, please visit [mcknight.org](http://mcknight.org).

*\*Equitable Capacity*, a concept coined by ACA's Executive Director Lisa Funderburke Hoffman in 2020, refers to the strengthening of an organization's "muscle" to be equitable in policies, practices, and processes to create a higher functioning organization.
